End Application:

C-17 aircraft age.

Test Item Connection Method:

Cable

Special Features:

Input 115 v, 400hz

Functional Description:

Used to power and provide current measurement of the hud desiccator heater during purging

Reference Data And Literature:

Serd no. 0570601

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
