End Application:

E-3a awacs radar system improvement program (rsip), an/apy1/2-rsip

Functional Classification:

Aa-9.5

Special Features:

C/o interface test adapter, test program (software), and test instructions; o/a dim: 24.000 in. Lg., 20.000 in. W., 12.000 in. H.

Functional Description:

Used to conduct fault isolation/performance verification of the fft buffer cca

Reference Data And Literature:

Serd no. 0073; rcn: 90138-002-2060

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
