End Application:

F-15 acft

Product Name:

Kit adapter, ground bleed air ecs

Special Features:

Consists of insulated metal duct with a flange fitting on one end and aduct flang on the other end; supporting structure; handle for portabilty; case

Functional Description:

Used to interface between the aircraft bleed air system and the a/m32a-60a generator set supply hose

Reference Data And Literature:

Serd5168; to 1f-15a-4-6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
