**End Application:**

F117-pw-100 aircraft engine

**Special Features:**

Aluminum 6061-t6 and neoprene sc610; welded and bonded construction

**Functional Description:**

Used to vacuum check no. 2 bearing rear carbon seal

**Reference Data And Literature:**

Pw drawing no. 80903

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A505c0
