End Application:

F117-pw-100 aircraft engine

Special Features:

Adapter, lift and trunnion; steel, aisi 1020; welded construction

Functional Description:

Used to lift and load test fan exit case subassembly in various positions

Reference Data And Literature:

Pw drawing no. 80566

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
