**End Application:**

F117-pw-100 aircraft engine

**Nominal length:**

20.500 inches

**Nominal width:**

5.000 inches

**Nominal height:**

0.600 inches

**Special Features:**

Steel: welded construction

**Functional Description:**

Used to dead load test gearbox group

**Reference Data And Literature:**

Drawing no. Pwa80575

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A505c0
