#### **End Application:**

F100-pw-229

### Nominallength:

34.100 inches

## **Functional Description:**

Supports the 3rd stage compressor stator during stress relief heat treatment 1150 degrees f for 2 hours to prevent part distortion

### **Reference Data And Literature:**

Serd no. 7079

## Shelf Life:

N/a

#### Unit Of Measure:

---

# Demilitarization:

No

Fiig:

A505c0
