End Application:

F100-pw-220

Nominallength:

2.700 inches

Nominaldiameter:

0.750 inches

Functional Description:

Used to obtain alignment of rechii probe pwa54053 with 1st turbine front retaining plate air cooling holes and gage standard pwa54054

Reference Data And Literature:

Pwa-serd no. 7056

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
