**End Application:**

B-2 aircraft (tssp)

**Product Name:**

Tube, alignment tool

**Special Features:**

Used as an indicator, joins two pieces of metal plate

**Functional Description:**

Used as an indicator, joins two pieces of metal plate

**General Description:**

Material per specification qq-a-200/8 6061-t6511 aluminum tubing. Dimensions are 2.00 diameter; 0.375 wall thickness; length 14.320 inches

**Fsc Application Data:**

5120-01-272-0077

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
