Current Type:

Ac

Usage Design:

Aircraft hydraulic system or individual hydraulic units

Installation Design:

Portable

Power Source:

Electric motor

Accumulator:

Not included

Engine Driven Hydraulic Pump Testing Design Feature:

Not included

Pressure Manifold Subcircuit:

Not included

Filtering System:

Not included

Pressure/suction Hose:

Not included

Special Features:

C/o two distinct components: the test stand and separate load bank. The load bank will be beneficial where its large amounts of warm air can easily be exhausted; test stand c/o following elements: rugged unitized base, with forklift channels, and skidding/lifting instructions; motor/gearbox assembly; unitized hydraulic supply, with integral control panel and digital monitoring is provided; main control console; and drive power supply

Fsc Application Data:

Multi acft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T361-e
