End Application:

C-17 aircraft age

Nominal length:

36.000 inches

Nominal width:

6.000 inches

Nominal height:

12.000 inches

Functional Description:

To manually check and adjust the work platform proximity sensor, p/n 42drp-5000, preventing contact w/acft/weight4.0lbs/matl aluminum

Reference Data And Literature:

To 1c-17a-4-4; serd 980016

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505c0
