End Application:

F117-pw-100

Nominal length:

3.500 inches

Nominal width:

3.500 inches

Nominal height:

5.000 inches

Special Features:

Fixture, machine - right hydraulic pump drive gearshaft

Functional Description:

Supports the right hydraulic pump drive gearshaft during various machining operations

Unpackaged Unit Weight:

2.500 pounds

Reference Data And Literature:

Serd no.2616

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505c0
