End Application:

F110-ge-100 aircraft engine

Special Features:

Consists of a stepped stainless steel ring that is split into nine equal segments; also contains twenty swirler cup weights; the g03 fixture swirler cup weights differ from the g02 fixture (nsn4920012765137) swirler weight cups, in that the g03 has smaller swirler weight handles which allow better furnace stacking

Functional Description:

Used during heat treating of the coumbustor dome area

Reference Data And Literature:

Serd 1973

Shelf Life:

N/a
