Overall Length:

2.000 inches group 1

Overall Height:

Err-060

Overall Width:

Err-060

End Application:

F117-pw-100

Functional Description:

Used with machine fixture pwa89674 to gritblast and plasma spray low pressure turbine fourth stage turbine vane assembly outer seal mating surface.

Reference Data And Literature:

Serd no 0875

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
