End Application:

Cooling turbine p/n 2204520-2-2, ac-130u gunship

Functional Description:

To apply a 1.250 lb. Axial load to the tie rod p/n 586217-1 and loosen or tighten the self locking nut p/n 681736-5 on the tie rod, tie rod passes through the shaft assembly p/n 2204644-2 when the axial load is applied, produces a stretch (.020-.024") in the tie rod which stiffens the turbine rotating assembly.
