End Application:

F110-ge-129

Special Features:

Manufacturer's suggested name is fixture, machining, rabbet-hpcp stg 3 disk-shaft

Functional Description:

Used to rigidly and accurately support the disk shaft concentric and square, to the machine axis, for the machining operations

Reference Data And Literature:

Serd no. 6131

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
