**End Application:**

F110-ge-129

**Special Features:**

Manufacturer's suggested name is fixture, machining, rabbet-hpcp stg 3 disk-shaft

**Functional Description:**

Used to rigidly and accurately support the disk shaft concentric and square, to the machine axis, for the machining operations

**Reference Data And Literature:**

Serd no. 6131

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A505c0
