Overall Length:

33.000 inches

Overall Height:

14.000 inches

Overall Width:

15.000 inches

End Application:

C17D-AV-TES-TSTA

Test Item Connection Method:

Connector

Product Name:

Adapter, test, interface-digital analog vide (dav) enhanced self test

Special Features:

F33657-95-d-2026 serd p980604

Functional Description:

Used in conjunction with the dav ate self test software to verify that the dav ate is operating properly

Reference Data And Literature:

To 1c-17a-4-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
