**Overall Length:**

33.000 inches

**Overall Height:**

14.000 inches

**Overall Width:**

15.000 inches

**End Application:**

C17D-AV-TES-TSTA

**Test Item Connection Method:**

Connector

**Product Name:**

Adapter, test, interface-digital analog vide (dav) enhanced self test

**Special Features:**

F33657-95-d-2026 serd p980604

**Functional Description:**

Used in conjunction with the dav ate self test software to verify that the dav ate is operating properly

**Reference Data And Literature:**

To 1c-17a-4-4

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A537k0
