End Application:

F/a-18 hsp

Functional Description:

This pallet air cooling adapter is recommended to connect the pallet assembly, p/n 74a902300-1005, to a source of cooling air. The avionics ground cooling fan in the aircraft provides adequate cooling for the pallet at ambient temperatures up to approx. 100 degrees f, so the adapter is designed to interface with this outlet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
