Overall Length:

10.100 inches

Overall Height:

2.100 inches

Overall Width:

10.100 inches

End Application:

F100-pw-100, 200, 220/220e, 229/pwa71749

Product Name:

Mask, gritblast/plasma spray

Special Features:

Consists of a stainless steel base plate, with rubber pad and three stainless steel screws

Functional Description:

Required to locate and secure the number 3 bearing support housing during machining of the forward and rear snap diameters and for machining the forward and rear flange surfaces

Reference Data And Literature:

Serd number 8264

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
