**Overall Length:**

72.000 inches

**Overall Height:**

48.000 inches

**Overall Width:**

42.000 inches

**End Application:**

Pacer dawn

**Product Name:**

Vari-drive assembly

**Special Features:**

460 vac, 3 phase, 60 hz, 60 amps

**Functional Description:**

Used to verify functional operation of the lubrication oil pump a subassy of the tfe1042-70 engine

**Reference Data And Literature:**

Serd no. 0350

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
