Overall Length:

22.000 inches

Overall Height:

8.000 inches

Overall Width:

8.000 inches

End Application:

C-17 aircraft support equipment

Product Name:

Hot air curing system

Special Features:

Oportable hot air curing system; for use on irregular composities structures; utilizes dry, oil free shop air at 80-100 psi, 4-8 cfm; power 120 vac, 50/60 hz, 1800 watts; operating temp -10 to 135 degrees f; weight 9 lbs

Reference Data And Literature:

Serd no. 110613

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
