**Overall Length:**

22.000 inches

**Overall Height:**

8.000 inches

**Overall Width:**

8.000 inches

**End Application:**

C-17 aircraft support equipment

**Product Name:**

Hot air curing system

**Special Features:**

Portable hot air curing system; for use on irregular composites structures; utilizes dry, oil free shop air at 80-100 psi, 4-8 cfm; power 120 vac, 50/60 hz, 1800 watts; operating temp -10 to 135 degrees f; weight 9 lbs

**Reference Data And Literature:**

Serd no. 110613

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
