Aircraft Composite Repair Mold - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4920-01-462-4759

Overall Length:
22.000 inches
Overall Height:
8.000 inches
Overall Width:
8.000 inches
End Application:
C-17 aircraft support equipment
Product Name:
Hot air curing system
Special Features:
Oportable hot air curing system; for use on irregular composties structures; utilizes dry, oil free shop air at 80-100 psi, 4-8 cfm; power 120
vac, 50/60 hz, 1800 watts; operating temp -10 to 135 degrees f; weight 9 lbs
Reference Data And Literature:
Serd no. 110613
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A23900
