**Special Features:**

Orig dwg name-fixture, machining-7th stage compressor stator. F100-pw-100/200/220/220e engine. Used w/ p/n 4067477, 4083517

**Functional Description:**

To locate and hold the 7th stage compressor stator shroud during machining to remove abradable seal on the outside diameter

**Reference Data And Literature:**

Serd 8858

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A505c0
