End Application:

Lantirn system

Special Features:

Next higher assembly-400hz frequency convertor; model: mfc-37f; c/o capacitors, clamp board, Ivta board inverteer control board, protection control board, door interface board, bridge rectifior, power interface board, scr, diode, bulb, fan assembly, fuses, transistor assembly, soft start board, and drive board

Supplementary Features:

Company item name-accessory package, lantirn

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
