Overall Length:

8.000 inches

Overall Height:

3.500 inches

Overall Width:

4.200 inches

Voltage In Volts And Current Type:

120.0 ac

Special Features:

Optional 460 adapter, 120/240 vac common operation, emc tested iaw mil-std-461d applicable sections

General Description:

3 digit lcd, .1 inch h2o resolution, pressure input -15 to +40 h2o differential standard, proof pressure 450 inches h2o, burst pressure 750 inches h2o

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
