End Application:

An/alm-233 countermeasures test set

Usage Design:

Pod maintenance support

Product Name:

Support assembly, pod maintenance

Functional Description:

Used to hold and position electronic countermeasures pod during maintenance

Reference Data And Literature:

Raytheon drawing number g386777; 33d7-13-89

Relationship To Similar Equipment:

Similar to raytheon fixture assembly pn: g386777-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
