End Application:

F100-pw-229 engine/f-15e, f-16c/d acft

Special Features:

Required for plasma spray repair of 10th-12th stage compressor stator segments, ref; 4083880 having a worn snap diameter or outer hook.

Mask is used with stator segments installed in pwa72418 fixture. Mask inserts into the inner hook to protect the rail adjacent to the snap diameter from unauthorized plasma overspray. Companion masking pwa72419 and pwa72421 protect top and outer diameter areas to complete the masking/50.0 in long; 0.60 in wide; 0.70 in high
