Aircraft Engine Maintenance Fixture - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4920-01-479-3067

## **End Application:**

F117-pw-100 engines

# **Special Features:**

loperating temperature -40 to +125degrees f; includes storage case comprised of aluminum, steel, and rubber; color-green; storage

dimensions when in case-61in. L x27in w x33in h; weight 50lb (120lbs w/case)

#### Functional Description:

Used to remove and replace intergrated drive generato (idg) from on board position

## **Reference Data And Literature:**

Serd number 420264

Shelf Life:

N/a

Unit Of Measure:

---

## Demilitarization:

No

Fiig:

A505c0
