End Application:

Ac-130u

Special Features:

C/o hub assembly, adapter assembly, 4 strut assemblies, 4 fittings, misc hardware

Functional Description:

Structural interface between the gunport seals and hardpoints on cargo floor; simulates removed gun mount system in terms of load path while maintaining the gunport seals in centered position to minimize effects of fuselage pressurization on gunport seals and supporting structure

Reference Data And Literature:

Serd 0585

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:
