Overall Length:

22.000 inches

Overall Height:

1.000 inches

Overall Width:

1.000 inches

End Application:

C-17a

Product Name:

Scale, tooling-20 inch optical

Functional Description:

The scale provides readings to compare two or more reference point elevations from a line of sight reference plane

Color:

White

Material:

Steel

Reference Data And Literature:

Serd110617

Surface Treatment:

Enamel

Type/model Designation:

564-250mm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
