Overall Length:
22.000 inches
Overall Height:
1.000 inches
Overall Width:
1.000 inches
End Application:
C-17a
Product Name:
Scale, tooling-20 inch optical
Functional Description:
The scale provides readings to compare two or more reference point elevations from a line of sight reference plane
Color:
White
Material:
Steel
Reference Data And Literature:
Serd110617
Surface Treatment:
Enamel
Type/model Designation:
564-250mm
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
