Overall Length:

14.000 inches

Overall Height:

20.000 inches

Overall Width:

15.000 inches

End Application:

C-17 milts

Product Name:

Adapter, calibration and verification

Special Features:

Operating temperature 67 to 77 degrees f

Functional Description:

Calibrates c-17 milts equipment

Reference Data And Literature:

Serd980606

Surface Treatment:

Paint

Supplementary Features:

Used with multifunction calibrator, programmable load driver, oscilloscope and synchro standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
