End Application:

F-22

Product Name:

Support rod, engine inlet bleed door

Special Features:

Company item name-support rod inlet

Functional Description:

Used to hold the inlet bleed door in the open position so maintenance can be performed

Reference Data And Literature:

Serd no. Lm71622001

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A505c0
