Overall Length:

24.000 inches

Overall Height:

0.700 inches

Overall Width:

24.000 inches

End Application:

F100-pw 100/200/220/220e engines

Product Name:

Mask, plasma spray intermediate case

Functional Description:

Mask mounts on the inner diameter of the inner bore when spraying the aft snap diameter, it will mask the inner aft flange of the case for plasma spray

Material:

Stainless steel and rubber synthetic

Reference Data And Literature:

Serd 9331, t.O.2j-f100-13-7

Supplementary Features:

Used with pwa72529 mask

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
