Overall Length:

16.300 inches

Overall Height:

6.000 inches

Overall Width:

16.300 inches

End Application:

F100-pw-100/200/220/220e engines

Product Name:

Mask, plasma spray diameter f

Functional Description:

Used to protect the inner diameter areas of the intermediate case when plasma repair of diameter f

Material:

Stainless steel and rubber synthetic

Reference Data And Literature:

Serd 9272 t.O.2j-f100-13-7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
