Overall Length:

34.000 inches

Overall Height:

8.500 inches

Overall Width:

34.000 inches

End Application:

F100-pw-100/200/220/220e engines

Product Name:

Mask, plasma, i/m case

Special Features:

Used with pwa72547 mask

Functional Description:

Used to protect the o.D.Areas of the intermediate case when the plasma spray repair of diameter "g" is being performed

Material:

Rubber synthetic

Reference Data And Literature:

Serd 9267, t.O.2j-f100-13-7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
