Overall Length:

33.000 inches

Overall Height:

5.200 inches

Overall Width:

33.000 inches

End Application:

F100-pw-100/200/220/220e engines

Product Name:

Mask, plasma spray, i/m case

Special Features:

Used with pwa72530 mask and pwa72527 fixture, comes with handles for lifting and installation, all exposed steel areas will be coated with pmc1920 thermal maskant

Functional Description:

Mask used for masking the inner diameter cavity of the intermediate case

Material:

Stainless steel and rubber synthetic

Reference Data And Literature:

Serd 9255, 2j-f100-13-7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
