Overall Length:

33.000 inches

Overall Height:

5.000 inches

Overall Width:

33.000 inches

End Application:

F100-pw-100/200/220/220e engines

Product Name:

Mask, plasma spray, intermediate case, fwd otr snap diameter

Special Features:

Handles provided for lifting and installation, allexposed steel areas will be coated with pmc1921 thermal maskant

Functional Description:

Used in the repair of the forwardsnap diameters

Material:

Stainless steel and rubber synthetic

Reference Data And Literature:

Serd 9254, 2j-f100-13-7-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
