Portability Method:

Hinged external handles

End Application:

F-22 aircraft

Container Type:

Case

Product Name:

Test kit, aerial refueling

Functional Description:

Universal aerial refueling receptacle ground tester (uarrgt) to be used in functionally testing receiver aircraft using the boom-receptacle method of aerial refueling

Reference Data And Literature:

Setd no 0028502002-c and line drawing ifrr c

Relationship To Similar Equipment:

Modified version of ttu-308a/e tester; 6in extension and lengthened wiring harness

Supplementary Features:

Consists of tester, poppet, case, and cable assemblies

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23800
