End Application:

F-16 a/b aircraft ege

Special Features:

Stanless steel; 1.125" dia, 3.5" l w/o conn; response time less than one millisecond; input power not to exceed 2 watts; output impedance less than 500 ohms; full scale output 5.0 vdc; excitation 28 vdc; infinite resolution; operating temp m40 degrees c to p52 degrees c; oper.

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
