Overall Length:

34.000 inches

Overall Height:

3.000 inches

Overall Width:

34.000 inches

End Application:

F100-pw-100/200/220/220e

Product Name:

Fixture, grit blast/plasma spray-lpt case

Functional Description:

Repair of rear turbine (lpt) case at three inner assembly diameters having wear/shrinkage exceeding dimensional inspection limits

Material:

Rubber synthetic

Reference Data And Literature:

Serd number 9376

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
