Overall Length:

33.000 inches

Overall Height:

3.000 inches

Overall Width:

33.000 inches

End Application:

F100-pw-100/200/220/220e

Product Name:

Fixture, grit blast/plasma spray-lpt case

Functional Description:

Repair of rear turbin (lpt) case at three inner assembly diameters having wear/shrinkage exceeding dimensional inspection limits

Material:

Steel and rubber synthetic

Reference Data And Literature:

Serd number 9375

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
