Design Type:

Bench

Maximum Tilt From Horizontal Position In Deg:

15.0

Table Top Leveling Device:

Included

Vernier Tilting Scale:

Not included

Vernier Angular Scale:

Not included

Special Features:

Length 10.25 in.; width 10.25 in.; height 9.64 in.

Functional Description:

Used to test gyros on 3 axis, and is capable of inertial sensing and rating motion

Material:

Aluminum

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
