**Design Type:**

Bench

**Maximum Tilt From Horizontal Position In Deg:**

15.0

**Table Top Leveling Device:**

Included

**Vernier Tilting Scale:**

Not included

**Vernier Angular Scale:**

Not included

**Special Features:**

Length 10.25 in.; width 10.25 in.; height 9.64 in.

**Functional Description:**

Used to test gyros on 3 axis, and is capable of inertial sensing and rating motion

**Material:**

Aluminum

**Material:**

Aluminum

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**
