Overall Length:

22.000 inches

Overall Height:

14.000 inches

Overall Width:

18.000 inches

End Application:

C-17a; tank unit, pn 020-103-001

Special Features:

Operating temperature range; minus32 to plus 125 degrees fahrenheit

Functional Description:

Used to perform return to servicevalidation of cleaned c-17 fuel quantity compensators and probes

Material:

Plastic case

Reference Data And Literature:

Serd 460571; 1c-17a-4-4

Supplementary Features:

Includes: 17g461580-1 and -501, 17g461581-1 and 16g461582-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
