**End Application:**

F100-pw-100/200/220/220e aircraft engines

**Product Name:**

Fixture, polishing, 4 jaw chuck, no 4 bearing seal

**Nominalheight:**

2.000 inches

**Nominaldiameter:**

9.000 inches

**Functional Description:**

Used during polishing of number four bearing seal groove face 4065651

**Reference Data And Literature:**

Serd no. 9716

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A505c0
