Major Components:

An/alq-17 (v) control panel; voltage monitor panel; forcing function alq-155 interface; lru/blower power control assembly; mlv interface/power control panel assembly; caster mounted rack

End Application:

An/alq-172; nha 2680240g001/g003

Inclosure Feature:

Multiple item w/housing

Test Type For Which Designed:

Monitor; control

Special Features:

Dwg name: control/monitor cabinet, unit 1; an/alm-289

Reference Data And Literature:

litt avionics dwg 2638576

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T228-a
